Dear Tom —

Thanks, I'm fine now that the offending tooth has been removed.

Re a joint letter to Ramparts —
I have not seen the article in question but I thought what you had in mind was a letter to the author — I forget the man's name — to see if we could not get from him some further information about the file he saw at Road ("Project Star"). But if you feel a joint letter would be strategic — fine, I'd gladly agree. Will you draft it, or shall I? If so, I will need to see the Ramparts piece.

Best,
