

Tom Starna 7/23/75

16 mm of 2 made from 8 mm  
Then N14 & Medline films  
"X disappointing" Frame 317 appears  
duplicate 308. Refer made to  
SSD. 16 mm running at 24 "to  
fast" Can see background cloud if  
aware; if not, cannot see it as  
too fast.

Spoke to Marion Johnson. Write  
4 "Inventory of Research Group No. 273"

Waded thru 2 boxes of material  
Possibly significant items (ordered about  
60 pp) 1st attack was on  
authenticity of transcripts

Agendas of only 4 sessions

Wished what MJ had in Berkeley

But his name not in indices

There is a file in Berkeley

Most striking item was a memo

from folder "Copies of docs rec'd from SS" —

Clark's death certificate — totally

non-informative "(a) gross shot of brain (?)"

Is memo also from County Medical

Officer recalling (to no-one) under

orders not to discuss events of 11/22/63

Is filed - O'Neil receipt for missile

"removed by Holmes"

Is Holmes report of investigation  
of LHO on 11/24/63. The LHO  
shooting, very favorable to LHO.
