

Dear Sylvia

7/29/75

The apartment we didn't get in N.Y.C. we found in Provincetown. Upper floor - lovely old house - four rooms - four exposures - large living room and kitchen - two adequate bedrooms - fully furnished and equipped - shabby - peaceful - sunny - large lovely garden in back - beach other side of facing houses across the street - separate entrance and separate mail box - so write: 630 Commercial Street, Provincetown, Mass. 02657

Reading Prof. man. making notes. Preface and Introduction appalling: history major to fully neglect history. Gross team identification of you with heister (politically is ridiculous); will see about evidence but found attitude which precludes investigation of Bursley and other officials.

Letter from R.F. day we left. more data on Brook. Same shadowy nature of his economic Ches. physician travel on payroll and listed in gov't manual but B in post. R.F. letter not detailed. Will answer and ask for pinning-down details. Send you copies.

May sendes best. Ho hope you continue recovery.
