

September 22

Dear Sylvia,

Enclosed are the post-  
publication reviews on the  
book, which I thought  
you might be interested  
in. Not bad, but obviously  
very few. My expectations  
about the attention we'd  
be likely to get were

apparently, none.

I'm also enclosing  
me R22 documents and  
drafts which I've due to  
the part for weeks. I'm  
planning to try to do something  
more on the case in the near  
future, and I'd be interested  
in any (long or short) vaca-  
tions you have. I'll try  
to call you sometime next

week.

I hope all goes well  
in N.Y.

Best regards,

G. G. S.

P.S. - The ZAD document is  
a possible device for getting  
the Congress to try to force  
the Hoover pensioners out of the  
Z.B.D. I'm not sure about the  
idea, but it seems to deserve  
serious thought.
