Dear Miss Meagher;

I have been informed by Mr. Weisberg that you have compiled an Index for the Warren Report. I would very much like to obtain a copy. Please inform as to the price and ship and bill. I will make remittance by return mail.

I wonder if you know anything about a Mr. Mark Lane author of Rush to Judgement? I am writing a book also on the Report and would like Biographical data on the various Authors would have written on the subject. Could you help me here?

Unfortunately I have yet to purchase a set of the Report, because of lack of funds. Do you think it would be unwise to wait until I would probably pick up one set in a Used-Book Store? for less than the selling price, or do you know of someone who no longer wants their set?

I think you have performed a wonderful service in making the Index and may I thank you for your time and consideration in this matters.

Sincerely yours in the Pursuit
of Truth

Frank Kotel
