Dear Sylvia,

Many thanks - for your reply  
on prints raised this morning. Don't  
worry. The mess of questions arose  
from doing Ruby in links here. There will be  
little more - and (if I may) I'll come personally  
to run through them with you. Beginning of the  
weekish. Will call you Saturday for first day. Tom  
Harris (of course) called me to say you had flu. If you  
get better. If a fib to get off the phone, well done! Harris  
has a truly original song this week - "the commies did it."  
Cheers, Tom
