

June 4<sup>th</sup> - Bermuda - on a boat (?)

Amongst his corked and leaded nets, this veteran Bermudian fisherman dreams about the Big Catch to come.  
Dear Sylvia - time is sad on a card about nothing except slots. I am staying with an old friend from St. John's and quietly getting lobster red and polishing off what's left of my liver with gins on the terrace in the sunset. (etc) I have now read and asked almost all the 1st 1/2 vols of HSCA; return depends on pub date of the remainder. Hope you
