Mr. JOHN F. ENGLAND, 1301 Lindy Lane, Irving, Texas, advised SA ARTHUR E. CARTER and Patrolman PRESTON C. SMOGA that he was at home throughout the late afternoon and evening of November 21, 1963, and did not hear any unusual explosions or noise which might be attributed to the firing of a high-powered rifle. He said that on many occasions he had heard shooting during the daylight and possibly early evening hours coming from a wooded area southwest of his residence, but this area is well over a mile away.

He said he is not acquainted with any of his immediate neighbors and most of them are people who work in the industrial areas nearby and are gone all day. He has had no occasion to meet any of these people and make their acquaintance.
