

The Plot Thickens

Mrs. Mary Bledsoe's death was reported in The Mirror last week. Since then we have learned that she said her son was acquainted with David Ferrie. Oswald was a member of Captain David Ferrie's Civil Air Patrol unit in New Orleans. Just another amazing coincidence that Oswald lived with Mrs. Bledsoe for one week and that she said she recognized Oswald on the city bus.

Coincidence—? Bunk, pure unadulterated bunk.
