Dear Tim,

Thanks for the TLS stuff.  
I'm disinclined to write at  
this stage because I did not  
take issue with Sparrow's nasty  
and unfair comments on Accessories  
and could not write re Mercer  
without at the same time commenting  
on his "review" of my book.  
Anyhow, I wonder if TLS would  
publish any more on this, from anyone.

I agree with your characterization  
of Lane, in spades. He is thoroughly dishonest.  
I agree that one needs to expose Messrs.  
Lane and Garrison — I am on record  
on the latter, and dealing with the  
former to some extent by wide circulation  
of correspondence. (See review reverse side)

Love,  
Sybil
