*Dear Sylvia,  
 Just spent 3 glorious  
 days hiking in these mountains.  
 For two weeks we've had used a  
 paper or listened to a radio, which  
 in the summer of 1968, is a  
 grand way to live. We're now heading  
 down the Nevada desert for two  
 weeks of the cotton, from friends  
 at Lake Tahoe and then visit  
 San Francisco.*

*Love,  
 Ted*
