Dear Tink,

That was great news...I told Arnoni and Sauvage, who were also very pleased that LIFE got slapped down...If you have extra copies of the judgment, or the press release on the judgment, I would love to have one...and would xerox copies for Arnoni and Sauvage, who are interested too.

Nothing else is new...this is one of the quietest periods I can remember in re: the WR...Perhaps things will start moving again after the election, for the fifth anniversary of Dallas.

Fensterwald's reply was most interesting. Can you spare a copy of that too?

Best,
