Dear Sylvia,

Thanks so much for the review of Flemmings
and the Furber interview. Kevin comes out of that
looking like a very acute reporter. Furber appeared
more than a little obtuse. I wrote him giving
him some criticism from Six Weeks about "inspiration",
"occasions", etc and asking how the hell he
got the idea I thought 3 was shot the President.
Reading over what I wrote, I think I was far
too nice to him. And I'm tired of the
whining of the Feminist crowd.

Your review was stunning - not like
a kick but a bit with the edge. Have you
gotten any mail from it, as has Flemmings himself
written you. I suspect he is just an entrepreneur
of sorts, don't you think?

The Copenhagen grant came through so
we're off to Copenhagen on the 15th of June - and I
can't wait. Let's start thinking over of what ~~the~~
weekend in April or May you're coming down here.
OK?

Spring comes.

Affectionately,
- Fred
