Mark the Shark was in Tampatown last mo., hiping everybody to Robt. Kennedy's "secret support" of Garrison, so I shot off the enclosed.

Will write you more comments on your book as I get time. Very busy these days.

Am a little concerned about H. Harbann, as I have been told (I don't know how accurately) that she is quitely co-operating with Wildgoose 100%, so I'm not contacting her until I check this lead out.

Dave is someone it is possible to be very frank with, and he knows well how uptight I've been with him since last July or so, when he was to have mailed out those OPEN CITIES -- which finally got sent out very recently -- and he was concerned that I might have said something about him to someone reflecting on his character or honesty. I have put forth many a gripe about his accuracy, etc., when he gets into areas he has neither experienced or researched, but I wish to make it clear to everyone that I have utmost respect for his sincere and forthright approach to things. He is an extremely honest person.

My attorney released the enclosed letters recently. The artist's address was cut out of the Weisberg one previous to this release, as I was going to show the copy to some people and didn't want to involve him. But Levine says we are under no obligation to do this, so long as we include the Alcock letter relieving him from [redacted] suspicion of disloyalty to Garrison, which was his concern.

Harold is also alleged to have sent some kind of horrid message to Poindexter, CO of MAGS-9, among his many epistles about me, but I have not seen this one -- yet.

Note that both the Weisberg letter and Alcock letter were typed by a secretary with "bb" initials.

More in time,

kerry
