

Mrs. ROSS BOUVE, 4001 Turtle Creek Boulevard, Dallas, Texas, Business Manager for the Jackson Clinic, 3929 Fairmount, advised she has resided at the residence of Dr. RUTH JACKSON, 4001 Turtle Creek Boulevard, for about six years. She stated the wing in which she resides in the house overlooks the entire property belonging to Major General EDWIN A. WALKER, 4011 Turtle Creek Boulevard. Mrs. BOUVE advised that Dr. RUTH JACKSON resides in the wing on the opposite side of the house and on the night of April 10, 1963, Dr. JACKSON was not in a position to hear or see anything which occurred at the WALKER residence. She further advised that Dr. JACKSON does not own a dog.

Mrs. BOUVE stated she owns a "border collie" named "Toby" which she usually keeps in the fenced back yard which area is directly next to the back yard area of the WALKER residence. She advised that "Toby" will bark loud at anyone or anything in the alley area at the rear of their residence or at anyone or anything on the WALKER property. On April 10, 1963, "Toby" was placed in the laundry room by Mrs. BOUVE sometime after dark as "Toby" had been barking loud and long earlier in the evening at the numerous people coming and going from the WALKER residence and at the numerous people coming and going to church services at the Mormon Church located on the other side of the WALKER residence. Mrs. BOUVE stated her other dog, "Two-Bit," is a Yorkshire terrier who usually remains inside the house and who does not bark while in the house.

Prior to the shooting incident on April 10, 1963, at the WALKER residence, Mrs. BOUVE stated she heard "Toby" growling and barking in the laundry room but she took no notice of this because this was his usual behavior and especially on Wednesday nights when church services are held at the Mormon Church. She, therefore, did not make any check to ascertain why the dog was barking. Upon hearing what she thought was a backfire, Mrs. BOUVE stated she thought nothing of it. She explained there is heavy traffic on Turtle Creek Boulevard and numerous cars also drive through the alley at the rear of the house en route to the Mormon Church. Her first impression was that the shot was a backfire and she, therefore, did nothing about it. She stated she did not look out her window at the WALKER residence until much later when she heard police cars arrive.

She advised that immediately after hearing what she thought was a backfire she could not recall having heard anyone run from the area or any car driving away. She further stated that on the Sunday previous to the shooting, April 7, 1963, she noticed nothing unusual in or about the WALKER residence other than there had been a large crowd at the Mormon Church on Sunday night.

She advised that her dog "Toby" became very sick on April 11 and 12, 1963. She stated she was of the opinion that someone had given him something to quiet him or drug him or poison him because he did become sick and vomited extensively on April 11 and 12, 1963. She did not take him to a veterinarian. She stated she based her belief that the dog had been given something because of the shooting incident and the dog's habit of barking at anyone or anything in the alley area. She stated she had no other basis for this belief or any proof whatsoever and this was only opinion on her part.

Mrs. BOUVE was shown a photograph of LEE HARVEY OSWALD and she advised she had never seen anyone resembling OSWALD at or near the WALKER residence at any time.
