

Schmitz Says U.S. Hides Data on Plot to Slay Wallace

WASHINGTON, Sept. 14— Representative John G. Schmitz, the American party's Presidential candidate, accused the Federal Government today of withholding evidence that the attempted assassination of Gov. George C. Wallace was the result of a Communist conspiracy.

The California Congressman said that he was basing his charges on an article in the current edition of the John Birch Society's monthly magazine, American Opinion, in which Arthur H. Bremer, the convicted assailant, was alleged to have been instructed and prepared for the shooting by members of the antiwar movement in Milwaukee.

"Anyone who reads it [the article] will realize that there was obviously a conspiracy and I charge that there has been a conspiracy of silence to cover it up," Representative Schmitz, a former Republican who was defeated in a primary election last June, said.

After demanding an investigation by the House Internal Security Committee, Mr. Schmitz also suggested that similarly inspired conspiracies were involved in the assassinations of President Kennedy and Senator Robert F. Kennedy and the Rev. Dr. Martin Luther King Jr.

news conference by Alan Stang, the author of the article, and Timothy R. Heinan, one of the sources of information cited in the 5,000-word piece.

Mr. Heinan, a 25-year-old resident of Milwaukee, said that as an undercover operative for the Milwaukee Police De-

partment, he saw Mr. Bremer at three separate meetings of the Marquette University chapter of the Students for a Democratic Society in late 1969.

Mr. Stang said that Mr. Heinan had recently been dismissed by the Federal Bureau of Narcotics and Dangerous Drugs. A spokesman for the bureau said there was no record that Mr. Heinan had ever been employed there.

The article does not cite any occasion on which Bremer is alleged to have discussed with anyone an attempt on Governor Wallace's life.

Milwaukee Police Silent

Special to The New York Times

MILWAUKEE, Sept. 14— Asked if Mr. Heinan had worked as an underground operative for the Milwaukee Police Department, a department spokesman said:

"Even if he was, I wouldn't be able to tell you. You can understand that — it would blow our cover. But a lot of people call and give us information and then call themselves our underground agents."

However, sources in the Marquette University chapter of S.D.S. said that Mr. Heinan had attended some meetings but was suspected almost at once of being an undercover agent and was asked to leave.

The student sources said they did not believe Bremer attended any meetings.

One source said that Mr. Heinan was asked not to attend further meetings of the chapter when he was seen making a telephone call, believed to be to a police officer, after one meeting.

Arthur Heitzer, a former president of the chapter, said, "He went to some meetings, but after a short time he was invited out." He said Mr. Heinan could not have known of any "conspiracy" because "it was obvious he was a plant, and nobody was talking to him."
