

MEMORANDUM

May 14, 1964

TO: Mr. J. Lee Rankin

FROM: Leon D. Hubert Jr.
Burt W. Griffin

SUBJECT: Agency of Ruby Investigation.

1. Past Recommendations. In memoranda dated February 19, February 24, February 27, and March 11, we made various suggestions for extending the investigation initiated by the FBI in connection with the Oswald homicide. Some of the suggestions were accepted and action taken. Many were not. We have not pressed the matter largely because since the middle of March, almost 100% of our time has been occupied with the Dallas depositions and their sequellae. The following represents our view at this time with respect to appropriate further investigation. (2)

2. General Statement of Areas Not Adequately Investigated. In reporting on the murder of Lee Oswald by Jack Ruby, we must answer or at least advert to these questions:

- a) Why did Ruby kill Oswald;
- b) Was Ruby associated with the assassin of President Kennedy;
- c) Did Ruby have any confederates in the murder of Oswald?

It is our belief that, although the evidence gathered so far does not clearly show a conspiratorial link between Ruby and Oswald, or between Ruby and others, the evidence also does not clearly exclude the possibilities that:

- a) Ruby was indirectly linked through others to Oswald;
- b) Ruby killed Oswald, because of fear; or
- c) Ruby killed Oswald at the suggestion of others.

3. Summary of Evidence Suggesting Further Investigation. The following facts suggest the necessity of further investigation:

111.

a. Ruby had time to engage in substantial activities in addition to the management of his clubs. Ruby's night club business usually occupied no more than five hours of a normal working day which began at about 10:00 a.m. and ended at 2:00 a.m. It was his practice to spend an average of only one hour a day at his Clubs between 10:00 a.m. and 9:00 p.m. Our depositions were confined primarily to persons familiar with Ruby's club activities. The FBI has thoroughly investigated Ruby's night club operations but does not seem to have pined down his other business or social activities. The basic materials do make reference to such other activities (see p.27 of our report of February 18), but these are casual and collateral and were not explored to determine whether they involved any underlying sinister purpose. Nor were they probed in such a manner as to permit a determination as to how much of Ruby's time they occupied.

b. Ruby has always been a person who looked for money-making "sidelines". In the two months prior to November 22, Ruby supposedly spent considerable time promoting an exercise device known as a "twist board". The "twist board" was purportedly manufactured by Plastalite Engineering, a Fort Worth manufacturer of oil field equipment which has poor credit references and was the subject of an FBI investigation in 1952. We know of no sales of this item by Ruby; nor do we know if any "twist boards" were manufactured for sale. The possibility remains that the "twist board" was a front for some other illegal enterprise.

c. Ruby has long been close to persons pursuing illegal activities. Although Ruby had no known ideological or political interests (See p.35 of our report of February 18), there is much evidence that he was interested in Cuban matters. In early 1959, Ruby inquired concerning the smuggling of persons out of Cuba. He has admitted that, at that time, he negotiated for the sale of passports to Castro. In September 1959, Ruby visited Havana at the invitation of Las Vegas racketeer, Louis J. McMillie, who paid Ruby's expenses for the trip and who was later expelled from Cuba by Castro. McMillie is described by Ralph Paul, Ruby's business partner, as one of Ruby's closest friends. Ruby mailed a gun to McMillie in early 1963. In 1961, it is reported that Ruby attended three meetings in Dallas in connection with the sale of arms to Cubans and the smuggling out of refugees. The informant identified an Ed Brunner as Ruby's associate in this endeavor. Shortly after his arrest on November 24, Ruby named Fred Brunner as one of his expected attorneys. Brunner did not represent Ruby, however. Insufficient investigation has been conducted to confirm or deny the report about meetings in 1961. When Henry Wade announced to the Press on November 22, 1963 that Oswald was a member of the Free Cuba Committee, Ruby corrected Wade by stating "Not the Free Cuba Committee; The Fair Play for Cuba Committee. There is a difference". The Free Cuba Committee is an existing anti-Castro organization. Earl Ruby, brother of Jack Ruby, sent an unexplained telegram to Havana in April 1962. We believe that a reasonable possibility exists that Ruby has maintained a close interest in Cuban affairs to the extent necessary to participate in gun sales or smuggling.

d. Bits of evidence link Ruby to others who may have been interested in Cuban affairs. When Ruby's car was seized on November 22nd, it contained various right-wing radio scripts issued by H. L. Hunt and a copy of the Wall Street Journal bearing the mailing address of a man who has not yet been identified. In May 1963, Earl Ruby, operator of a dry cleaning business, is known to have telephoned the Welch Candy Company (owned by the founder of John Birch Society). The purpose of the call is unknown. Jack Ruby's personal notebook contained the Massachusetts telephone number and address of Thomas Hill, former Dallas resident, working at the Boston headquarters of the John Birch Society. Although it is most likely that all of these bits of circumstantial evidence have innocent explanations, none has yet been explained.

e. Although Ruby did not witness the motorcade through Dallas, he may have had a prior interest in the President's visit. A November 20 edition of the Fort Worth Telegram showing the President's proposed route through Fort Worth, and the November 23 edition of the Dallas Morning News showing the President's route through Dallas, were found in Ruby's car on November 24.

f. On November 16 Jack Ruby met at the Carousel Club with Bertha Check, sister of Mrs. Earlene Roberts, manager of Lee Oswald's rooming house. Mrs. Check said that she and Ruby discussed her lending Ruby money to open a new night club. Ruby was not questioned about this matter. On November 20, 1963, a woman, who may be identical to Earlene Roberts, was reported to be in San Antonio at the time of President Kennedy's visit. The possible identification of Mrs. Roberts in San Antonio has not been checked out. In addition, the link formed by Mrs. Roberts between Oswald and Ruby is buttressed in some measure by the fact that one of Ruby's strippers dated a tenant of the Beckley Street rooming house during the tenancy of Lee Oswald. We have previously suggested the theory that Ruby and Mrs. Check could have been involved in Cuban arms sales of which Oswald gained knowledge through his efforts to infiltrate the anti-Castro Cubans. Our doubts concerning the real interest of Mrs. Check in Jack Ruby stem from the fact that one of her four husbands was a convicted felon and one of her friends was a police officer who married one of Ruby's strip-tease dancers. We have suggested that Ruby might have killed Oswald out of fear that Oswald might implicate Ruby and his friends falsely or not in an effort to save his own life. We think that neither Oswald's Cuban interests in Dallas nor Ruby's Cuban activities have been adequately explored.

g. Ruby made or attempted to make contacts on November 22 and 23 with persons known and unknown, who could have been co-conspirators. Ruby was visited in Dallas from November 21 to November 24, 1963 by Lawrence Meyers of Chicago. Meyers had visited Ruby two weeks previously. Ruby also made a long distance call shortly after the President's death to Alex Gruber in Los Angeles. Gruber had visited Ruby about the same time as Meyers in early November. Both Gruber and Meyers give innocent explanations. Meyers claims he was in Dallas enjoying life with a "dumb

but accommodating broad". Cruber claims Ruby called to say he would not mail a dog that day, as he had promised to do. Finally between 11:55 p.m. and 12 midnight, Saturday, November 23, Ruby made a series of brief long distance phone calls culminating with a call to entertainer Brock Wall at a friend's house in Galveston. Wall claims Ruby called to compliment him for calling off his (Wall's) net at the Adolphus Hotel in Dallas. Background checks have not been made on these persons.

h. In short, we believe that the possibility exists, based on evidence already available, that Ruby was involved in illegal dealings with Cuban elements who might have had contact with Oswald. The existence of such dealings can only be surmised since the present investigation has not focused on that area.

i. We suggest that these matters cannot be left "hanging in the air". They must either be explored further or a firm decision must be made not to do so supported by stated reasons for the decision. As a general matter we think the investigation deficient in these respects:

- (1) Substantial time-segments in Ruby's daily routine from September 26 to November 22 have not been accounted for.
- (2) About 46 persons who saw Ruby from November 22 to November 24, have not been questioned by staff members, although there are FBI reports of interviews with all these people.
- (3) Persons who have been interviewed because of known associations with Ruby generally have not been investigated themselves so that their truthfulness can be evaluated. The FBI reports specifically do not attempt evaluation. The exception has been that where the FBI has been given incriminating evidence against Ruby, it has made further investigation to determine whether others might also be implicated with Ruby. In every case where there was some evidence implicating others, these other persons were interviewed and denied the incriminating allegations. Further investigation has not been undertaken to resolve the conflicts.
- (4) Much of our knowledge of Ruby comes from his friends Andrew Armstrong, Ralph Paul, George Senator and Larry Crawford. Investigations have not been undertaken to corroborate their claims.

4. Specific Investigative Recommendations.

- a. We should obtain photos of all property found on Ruby's

person, in his car, or at his home or clubs, nor in possession of the Dallas District Attorney. We already have photos of Ruby's address books, but no other items have been photographed or delivered to the Commission. These items include the H. I. Hunt literature and newspapers mentioned in paragraphs 21 and 22.

h. We should conduct staff interviews or take depositions with respect to Ruby's Cuban activities of the following persons:

- i. Robert Ray McKernan. Ruby contacted McKernan in 1959 in connection with the sale of jeeps to Cuba. The objective of an interview or deposition of McKernan would be to obtain information on possible contacts Ruby would have made after 1959 if his interest in armament sales continued.
- ii. Hazel Perrin. Perrin claims she met with Ruby three times in 1961 concerning refugee smuggling and arms sales. She says she can identify the house in Dallas where meetings took place. Perrin now lives in Boston. Ruby admits he was once interested in the sale of jeeps, at least, to Cuba.

g. We should obtain reports from the CIA concerning Ruby's associations. The CIA has been requested to provide a report based on a memorandum delivered to them March 12, 1964 covering Ruby's background including his possible Cuban activities, but a reply has not been received as yet.

f. We should obtain reports from the FBI based on requested investigation of allegations suggesting that Earlene Roberts was in San Antonio on November 21.

e. The Commission should take the testimony of the following persons for the reasons stated:

- i. Myra Rubenstein
- Eva Grant
- Earl Ruby

All are siblings of Jack Ruby. Myra is the oldest child and presumably will be the best witness as to family history. He talked to Jack on November 22, reportedly visited Jack the week before the assassination, and participated in Ruby's twist board venture. Eva lived with Jack for 3 years in California prior to World War II, induced Jack to come to Dallas in 1947, and managed the Vegas Club for Jack in Dallas from 1959 to 1963. Earl was a travelling salesman with Jack from 1941 - 1943; a business partner 1946-1947, and made phone calls before November 22, 1963 and afterwards which require explanations.

ii. Ernest Hoffa. This person can testify to the development of the testimony by Sgt. Dean and Det. Archer against Ruby and of seeing Ruby on November 22 in the Police Department building.

iii. Jack Ruby.

f. We should take the depositions of the following persons for the reasons stated:

i. Tom Howard. This person is one of Ruby's original attorneys, and is reported to have been in the police basement a few minutes before Oswald was shot and to have inquired if Oswald had been moved. He filed a writ of habeas corpus for Ruby about one hour after the shooting of Oswald. He could explain these activities and possibly tell us about the Ruby trial. We should have these explanations.

ii. FBI Agent Hall. This person interviewed Ruby for 2 1/2 hours on November 24 beginning at approximately 12 noon. His report is contradictory to Sgt. Dean's trial testimony. He also interviewed Ruby on December 21, 1963.

iii. Seth Kantor. This person was interviewed twice by the FBI and persists in his claim that he saw Ruby at Parkland Hospital shortly before or after the President's death was announced. Ruby denies that he was ever at Parkland Hospital. We must decide who is telling the truth, for there would be considerable significance if it were concluded that Ruby is lying. Should we make an evaluation without seeing Kantor ourselves?

iv. Bill Baker. This person claims to have seen Oswald at the Coronado Club prior to November 22, and this rumor perhaps more than any other has been given wide circulation. Should we evaluate Baker's credibility solely on the basis of FBI reports?

g. The FBI should re-interview the following persons for the purposes stated:

i. Alex Gruber. To obtain personal history to establish original meeting and subsequent contacts with Ruby; to obtain details of visit to Dallas in November 1963 including where he stayed, how long, who was with him, etc. The FBI should also check its own files on Gruber.

- ii. Lawrence Newman. (Same as Gruber)
- iii. Ken Drea. (KLF reporter) To ascertain how he happened to first contact Ruby on November 22 or 23rd; (Ruby provided information to KLF concerning the location of Chief Curry), and whether KLF gave any inducements to Ruby to work for it on the weekend of November 22-24.
- iv. Isid Silverman. To establish when Silverman saw Ruby at the Synagogue and obtain names of other persons who may have seen Ruby at the Synagogue on November 22 and 23. Silverman states that he saw Ruby at the 2 P.M. service on November 22 and at the 9 a.m. service on November 23; but both of these services lasted at least two hours and we do not know whether Ruby was present for the entire services. Silverman (and others) could "place" Ruby, or fail to do so, during critical hours.
- v. Walter Ryan. (Same as Crater plus employment in Dallas.)
- vi. Frank Bell. This person was an entertainer at the Adelphi Hotel, Dallas, at the time of President Kennedy's assassination. Ruby called him in Galveston at 11:47 p.m. Saturday, November 23, 1963. He also visited Ruby at the County jail. A background check should be conducted as to this person.
- vii. Andrew Armstrong, Bruce Carlin, Karen Bennett Carlin, Curtis Laverne Crawford, Ralph Paul, George Senster.

These six persons were deposed at length because of their friendship with Ruby, familiarity with Ruby's personal and business life, and contacts with Ruby on November 22, 23 and 24. In general, each has professed to have had no knowledge of Ruby's activities during those three days.

Andrew Armstrong was very active in the operation of the Carousel and worked closely with Ruby for 16 months. His deposition covers Ruby's activities and emotional state generally and particularly several hours on November 22 and 23. A background check should be conducted as to this person and selected parts of his testimony should be checked out to test his veracity.

Karen and Bruce Carlin were the recipients of a \$25 money order bought by Ruby approximately 5 minutes before Ruby shot Oswald. Marguerite Oswald testified that she believed she knew Karen Carlin. Background checks should be conducted on the Carlins.

Gerald Lee Dallas was present at the meeting on November 23. Although we tend to believe his explanation, we believe a background check on him plus verification of some of his activities on November 23 are warranted.

Paul is Ruby's business partner. A background check should be conducted as to him and his telephone calls during November should be checked out.

George Senator, Ruby's roommate, alleged by Crawford to be a homosexual, claims not to have seen Ruby except at their apartment Sunday morning and for a few hours early Saturday morning. Senator's background and own admitted activities on November 22, 23 and 24, should be verified.

5. Other areas of Ruby Investigation which are not complete:

- a. Various rumors link Ruby and Oswald which do not appear to be true; however, the materials we have are not sufficient to discredit them satisfactorily. Such rumors include:
 - i. Communist Associations of Ruby;
 - ii. Oswald's use of a Cadillac believed to belong to Ruby;
 - iii. After the depositions of Nancy Perrin, Robert McCorum and Sylvia Otto have been taken, further investigation may be necessary with respect to Ruby's Cuban associations.
- b. Ruby's notebooks contain numerous names, addresses and telephone numbers. Many of these persons have either not been located or deny knowing Ruby. We believe further investigation is appropriate in some instances; however, we have not yet evaluated the reports now on hand.
- c. We have no expert evidence as to Ruby's mental condition; however, we will obtain transcripts of the psychiatric testimony at the Ruby trial.

6. Comparison of Ruby and Oswald Investigative Efforts.

Depositions have been taken from less than one-seventh of the persons who are known to have talked to or seen Ruby on November 22 and 23. And such an omission occurred in connection with the Oswald investigation, we believe the Committee would consider the work of the staff inadequate both by investigative and historical standards. Forty-six undeposed witnesses are involved including persons listed in paragraph 3 i.(2), supra.

3

7. Other Investigative Suggestions. We have suggested in earlier memoranda that two sources of evidentiary material have been virtually ignored:

a. Radio, TV and Movie recordings. Two Dallas radio stations tape recorded every minute of air time on November 22, 23 and 24. We have obtained these radio tapes for all except a portion of November 24, and the tapes include a number of interviews with key witnesses in the Oswald area. In addition, the tapes shed considerable light on the manner in which Dallas public officials and federal agents conducted the investigation and performed in public view. We believe that similar video tapes and movie films should be obtained from NBC, CBS, ABC, EPI and Kovicstone News, and relevant portions should be reviewed by staff members. Wherever witnesses appear on these films who have been considered by the Commission in preparing its report, a copy of such witnesses' appearances should be made a part of the Commission records by introducing them in evidence. If one person were directed to superintend and organize this effort, we believe it could be done without unreasonable expenditures of Commission time and money.

b. Hotel and motel registrations, airline passenger manifests, and Emigration and Immigration records.

Copies of Dallas hotel and motel registrations and airline manifests to and from Dallas should be obtained for the period September 26 to December 1, 1963. Similarly, Emigration and Immigration records should be obtained for the period October 1, 1963 to January 1, 1964. We believe that these records may provide a useful tool as new evidence develops after the Commission submits its report. We do not suggest that these records necessarily be examined by the Commission staff at the present time. But, for example, it is likely that in the future, persons will come forward who will claim to have been in Dallas during the critical period and who will claim to have important information. These records may serve to confirm or refute their claims.
