Photographic Evidence

In connection with your efforts to obtain film footage of the major networks, the following Warren Commission internal memoranda may be of use:

1. 7-10-64, Goldberg to Rankin,
N.B.C. TV Tapes and Films.
2. 7-10-64, Goldberg to Rankin,
TV Tapes and Films.
3. 7-13-64, Goldberg to Rankin,
Showing of TV Tapes and Films.

These memoranda come from the Rankin file. Please note on the latter one where the consensus of staff members is outlined.

I have been told that W.C. staffers viewed well over a ton of photographic evidence at the Pentagon. Al Goldberg is now working at the Pentagon and Tim Ingram of Government Operations told me some time ago the man is co-operative. If needed, Goldberg's telephone number can be obtained through Ingram.
