Dear Mr. Rowley:

*JR*  
We appreciate the cooperation of your Service in furnishing to the Commission a number of documents which aided us in the preparation of our summary report.

Most of the Secret Service documents have a control number and a status marking either "Continued" or "Closed," but no security classification. The Commission wishes to publish at the earliest opportunity the documents which were cited in the summary report and requests your authorization to do so.

Also, the following classified document was cited in the summary report, and we request your authorization to declassify it:

Sincerely,

SIGNED
