Dear Cyril —

Thanks for the copy of your letter to the Archives. They will be hard put to find a reason to turn you down. But I expect they will find something.

In case you missed it, here is a copy of an article on Noguachi in the current Esquire. I was especially interested in the mention of Dr. William Eckert. I had not been aware of his comment on the JFK autopsy. Can you add anything about Eckert?

Best regards, Hastily,

Sylvia
