Dear Sylvia:

Thank you for sending me a copy of the *ESQUIRE* article on Noguchi. The whole situation is rather humorous, to say the least.

Bill Eckert is a hospital pathologist in Wichita, Kansas, and also, a forensic pathologist on a part-time basis. He is a good friend of mine, and Tom Noguchi's closest professional friend. Bill is active in the American Academy of Forensic Sciences, and is Editor of *INFORM*, an international publication which he started for the purpose of developing a line of communication among forensic scientists throughout the world.

I wonder when I will hear from Rhoads? I am most curious to learn how they go about turning my request down!

With kindest regards.

Sincerely,

Cyril H. Wecht, M.D., J.D.
