Professor Burke Marshall  
Yale University School of Law  
New Haven, Connecticut 06520

Dear Professor Marshall:

On 22 November 1971, I wrote to you requesting permission to review certain materials at the National Archives relevant to the post-mortem examination performed on the late President John F. Kennedy. You will recall that that communication was a sequel to a letter dated 4 November 1971, which I had submitted to Dr. James B. Rhoads at the National Archives.

I am writing at this time, inasmuch as I have had no reply from you to either of my two previous letters. My interest in reviewing this physical evidence and medical records is most sincere, and I would welcome the opportunity to commence this study in the near future.

I would appreciate hearing from you in response to this inquiry at your earliest possible convenience.

Thank you.

Sincerely yours,

Cyril H. Wecht, M.D., J.D.
