Mrs. Sylvia Meagher
302 West 12th Street
New York, New York 10014

Dear Sylvia:

Thank you for your letters of March 2 and March 6, and for your thoughtfulness in sending me a copy of the article that you have submitted to The Texas Observer. Your comments are succinct and pointed, and I have no hesitation whatsoever about their being published. In fact, I only hope that they might be picked up by other news media and disseminated widely.

I agree with your remarks concerning Crosby's visit with Marshall, and I had the same reaction when he called and reported to me.

My friend, Dean Davenport at Duquesne University, agrees with me that something must be done to stimulate Marshall into making a move. He has asked me to wait just a few days, so that he can try to make some contact with Marshall once more. If we do not get a specific reply within a week or two, then I shall submit the letter to Harrison Salisbury, and also consider other means of goading Marshall into action.

With kindest regards.

Sincerely,

Cyril H. Wecht, M.D., J.D.

P.S. Thank you for sending me The New York Times clipping dealing with our recent Academy Meeting in Atlanta. It is amazing how little the final boiled down product is, after two hours of very open and intense interview and dinner conversation with the reporter!
