Dear Sylvia:

Just a brief note on this tragic day. When my friend, Dr. Thomas Noguchi, Chief Medical Examiner of Los Angeles, called me in the middle of the night to tell me about the shooting and to solicit my thoughts regarding the handling of the body of Senator Kennedy should death ensue, I was stunned into silence for several seconds. What's going to happen to this country?

I wanted to thank you for sending me a copy of the review of your book. It was well done and a pleasure to read.

Also, I enjoyed your fine article in The Minority of One. It is unfortunate that the large national magazines will not talk about these things. Are we doomed to being a few shrill unheard voices until the entire matter is forgotten?

With kind regards and warmest hopes that I shall have some time to see you in New York this summer.

Sincerely,

Cyril H. Wecht, M.D., LL.B.
