

7/25/69

Dear Cyril -

The attached - sons enclosures -
was forwarded to me at Boston
where I have been working
temporarily at the World
Health Assembly. I had
already received the

some material from George
Rennar that he sent you.

So I hope you will not
bother to forward the
enclosures mentioned.

Am dead tired so will not
write more now - will
wait until I'm back at home.
Meanwhile, warm regards
by love
