

10/1/67 Dear Sylvia: God, the weather and the trucker willing, we move in the morning. Our address will then be Route 7, Frederick, Md. 21701. Our phone, 473-8186. For the immediate future I'll be back daily to tend certain chores, like feeding the six remaining wild geese, until we arrange a home for them, pickin up what we didn't get in the first move, and the mail. Mail will be forwarded thereafter. The new place is only 20 minutes from here. We are looking forward to it, even though we will be camping for a while and even though we will not be able to furnish it properly until we have paid of what for us is a vast debt. We will have quiet and beautiful surroundings. The house is set as in a movie. Hope you'll be able to visit us. We will be but five miles from the heart of Frederick, at the foot of South^mountain...I wonder if what Specter and the FBI are now into is like the John the Baptist stuff of NBC. It fits his flagging campaign needs perfectly. Instead of Reds it is now Negroes. Always the whipping boy. Best,

H
