

If I agree that Epstein is a moral leper, I also think that description now is inadequate. With this piece he becomes a racist and more viciously than the Klan, which is at least overt and doesn't do Hoover's dirty work. I felt that because I have kept sort of a courant with the Panther messes I ought make the memo for the future. I should have made copies but didn't expect to send any. Then I thought I ought let you read it. I don't think it is worth the effort to find out if he does this for pay, and the distinction is without meaning. However, if you hear any rumors, I'd be interested in knowing. This bastard is feeding the flames of violence and giving the finks their copout, his regular formula. For money only? I doubt his Garrison book made money, unless the USIA went for it big, and the various military establishments, which buy much literature. Howard Roffman pulled a great one on Specter, asking him to explain to a U Pa Ripon audience why Humes burned and why he didn't ask and S refused, to the unending jeers of the Republican students. Howard's parents now feel that S will retaliate. H is on a full scholarship from the city. The kids wouldn't ask more questions, insisting on an answer to Howard's first. Specter finally said- no kiddin-that he would, but not coming from H. So another kid said, okay, answer his question for me, and S pretended to, saying nothing, fooling nobody and getting the razz again. The whole story is much better. Best, H
