Saturday 2/12/72

- ① long phone call from Ed Williams re HW suppressed docs and how to convince him to release to someone else - playing with idea of EW/SP "raid" on files - or - someone else who might have copy of Berkeley doc.
- ② Call to Ned Crosby - seeing B. Marshall 2/23/72 lunch 2/22/72 (Tuesday) - Does he have copy? Only wife & son. Wished I had told him. Would be willing under certain circumstances available Cyril W. But FEW not to know, would not have told son had circumstances been clear. Therefore son reluctantly agreed tell EW, negative.
- ③ JP called - HW preceding evening re JP article on NYT - "is dishonest" - rough time
- ④ EW - told him NC, negative - said, then must try again to HW - would go back.
- ⑤ Completed conversation = JP
- ⑥ EW - just spoke HW - infuriating, impossible communicate with him - man is insane obnoxious no point returning there - especially agitated (HW was) at possibility EW had told son re doc. son "suspect" as manipulating EW HR JP et al.
