Dear Mrs. Margrave:

The two columns
of your column in
The New York Post of 11/18
and 11/19 criticized our
handling of the shadow
ambassadors preceding
Nov. 22, 1963.

Of course, the President
was correct in his
interpretation of CIA pre-
paration in the
assassination of Diem
and Trujillo.

The unethical
operations of the W.R.
by the media is not
normal.

Our government is
suppressing the truth.
The press is now
being made in part

By The New York Times, De Haber was in
Lugo, and C.B.S. - - -
Garnet familiar?

His was: "Morse
Eminent on The Galileo
Case."

It untiated appeared
that Professor Galileo
of Columbia University
was fined and in
New York and sub-
sequently murdered
by Trujillo agents. A
great outcry followed.
Eminent, returned by
Trujillo, described that
Galileo was a CIA
operative and the
recipient of at least
767,000 dollars in
agents funds. Eminent
was from the Washington
and agreed to suppress
the information on the
promise of Dean Dulles
that the matter would
be cleared at a later
date.

De Haber was:

The above is
amazingly phenomenal
in Trujillo. The last
Covert by Gen. Duttes
Eminent.

But the CIA
had been successful.
The cover story had
Trujillo would have
a later and limited
distribution.

Sincerely,

Edward R. Williams
