Dear Sylvia,

Thank you for
the further Belim Correspondence.

Mr Belim "Reply" to your
criticism of his invalid points
is simply to raise other
points, also invalid, and
to evade the original argument.

Oswald was guilty
and hence factual differences
are unimportant since he
was ----- .

Substitute "CIA" for "Oswald"
and that logic seems all
too familiar.

Mr Belim's very
method of reasoning reveals
the flawed methodology of
The W.C. in microcosm.

Of course, such minds
are useful and even
welcome in the citadels

of power.
