Dear Sylvia,

The Texas Observer
article was just the
right mixture of cold
indignation and satiric
humor.

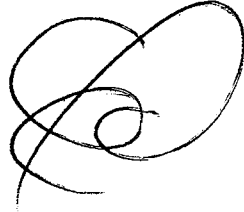

It now becomes rather
clear why Joseph Bursak,
The L.A. District Attorney,
conducted such a "whitewash"
(apologies to H.W.!) of The
Siskin Grand Jury. In
his race for re-election
221 Corporations (Lock Road etc.)
contributed half a million
on his behalf. One of
his key advisers and donors
is Joseph Ball!

The Garvin Affair is an
important story because
it underexposes the
links between "private"
Corporations and The Federal
Govt.

Jim did put it rather

well. The business of the
Justice Dept. is injustice.
The pot cases the Battle
black. Both are.

Sincerely,
