On December 7, 1963, the following quoted post-card was received:

"12-4-63

"Gentlemen:-

"The only thing I could testify to is the 'three shots' that killed President Kennedy, according to your up-coming report. They were not drug out over 5½ seconds. As I recall, the 'shot - pause - & 2 - fast-shots' consumed only 3 seconds approximately. I was at old chse. entrance, just out of view in middle of Main St.
