Dear Sylvia,

With fear and trepidation I'm sending you a manuscript of my book. Certainly, I don't hope to make you change your mind about key issues of the conspiracy. But what I hope for is to prove that I presented my point of view with logic and integrity. And also I hope to get from you comments and criticism which will be most valuable to my work. Maybe it would be easier for your to accept some ideas of my book if you start the reading from the very last chapter (30) where I outlined my task as I saw it.

With best wishes, most sincerely yours,

Igor
