My dear friend Agor,

You must please forgive me but because of my illness at this time I have been unable to read your manuscript with the close attention and the care it deserves.

I have scanned it and found many interesting ideas and ingenious speculations. There is no doubt about your sincerity, <sup>prudent</sup> ~~prudent~~ <sup>research</sup> ~~research~~ personal conviction, and integrity.

It goes without saying that I wish you all good luck with the manuscript, because my affection and regard for you ~~balance~~ <sup>outweigh</sup> our basic disagreements.

With every good wish,

Sylvia
