If JL- To give you an idea of how much extra work these wrong-sized, light-weight envelopes are taking, I timed myself on paraging and recording four books. Not counting the enclosed letters (press copies) it was not quite 30 minutes. Bid it to the TV news, so the actual time in this case wasn't that much. At this rate the once successful broadcast to WML, with two days of mail and not counting letters, has taken <u>seven hours</u> I hope for more mail. I'm now making an effort with the LA market, with copies and a letter to five guys Art Kevin recommended. Art broadcast a beeper Sunday. His is a right-wing owned station, I'll have to mick these as I can. Too bad we have not reached the syndicated radio news people. I don't know any. But I'll try to mouse Pete Gamble of Mutual when I can. And yesterday's replemishment of Scotch tape cost \$7.00! HW 12/3/74
