Mr. Harold Weisberg  
7627 Old Receiver Road  
Frederick, Maryland 21702

Dear Harold:

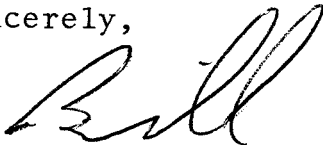

Today, I received your letter of October 1, 1992. On September 22, 1992, I received a copy of Senator Cooper's index. In looking through this index, I do not think that there is going to be very much at all on the Warren Commission. I got the index so that when I go to the University of Kentucky, I can go right to the applicable records.

I enclose a copy of a letter I received from Bill Cooper (no relation) relating to all this. I am going to donate your books to the University of Kentucky library, which I will be discussing with you in a few days. Bill Cooper referred me to an interview with Senator Cooper which I am getting from U of K. I will, of course, tell you of its contents as soon as I know.

Mr. Cooper tells me that Senator Cooper's brother, Dick Cooper, has as much as two file cabinets of the Senator's papers relating to the Warren Commission. These have not been turned over to the University. Ironically, Dick Cooper was a customer of ours when he ran Somerset (Kentucky) Stone. Our company sold him rock crushing equipment. However, I do not really know Dick and U of K will continue to try to get these records.

I will let you know what I find out as soon as possible.

Sincerely,

William L. Neichter

WLN/ea

P.S. Enclosed are all references in the index of Cooper to the Warren Commission. I am going up to examine the records October 14, 1992. It is only a 70 mile drive from here.
