Dear Bill,

Thanks for your 10/5 and Cooper's letter with the attached list of the Senator's records.

The only one I think you may want to add to those you marked on the inventory is on 213, first item in Box 880.

That covers 1966 and there was considerable ferment then.

And I did send Jim Whitewash that May. Russell's aide read it and gave him a memo on it. Because Cooper also had Russell's doubts and questions, perhaps one of his staff read it for him. If so, you might find some interesting comments that might reflect Cooper's attitude. This was true in Russell's office.

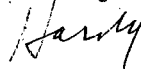

If Bill Cooper or anyone else can put you in touch with someone who used to work for the Senator in Washington you might get some reflection of his views and leads on where to look.

He has to have had a considerable Commission file.

But that could be in Box 374. I hope so!

But I would think there would be a greater volume than one box represents.

Thanks and best to you both,

Harold Weisberg
