

Dear Gerry,

10/8/92

Sorry I can't begin to take the time to tell you what I've learned about Posner's book but I've about 130,000 words of th rough (and it is rough) draft of a book and I hope to get the whole thing indraft in less than two weeks. But it is requiring that I rush. This time it is being retyped in New York. Planned pub date in April. I think it will surprise you, too. Dave was right in saying it is the most dishonest book he's seen and boy do I prove it!

Good you are going to be able to visit Dennis for free and that you and Hanh-Trang can get a mini-vaction of it. Give him our best.

If this reaches you before you are on that talk show, note that at no point does Posner say that he took and used Failure Analysis work as his own or that it was one side of a both-sides presentation before the ~~th~~ ABA, with a jury, and that not only does Posner misrepresent that there was no other side but they jury did not agree with Posner and hung.

That and more like it is what I'll end the draft with. I'm surprised that with all else, when I as just planning to annotate the book for Dave after you ~~ifst~~ left it was some time after that that I began the book and have been able to get this much on paper.

Bill was very pleased to get a copy of Roffman's book. He told me about it.

I'll be leaving momentarily to mail the 24th chapter to get in in NY by Monday and until I do I have other mail to atch up on.

Our best to you all,

*Harold*

I was really pleased to see how well Dennis looks and how well he has done with and for himself.
