

Dear Bill,

10/27/93

I've just finished and mailed the last chapter, began to write a preface, and then got the proofs of the mistitled selections from my earlier books I'll have to scrap over again and have to read and correct them rapidly. <sup>proofs</sup> ~~So that~~ <sup>on</sup> from the Reeves indecencies, ~~He~~ is making a successful and profitable career of Kennedy bashing, without regard to fact or decency.

Each time one of these ~~stickers~~ <sup>fortune</sup> makes a fortune and a name ~~at~~ <sup>from</sup> ~~re~~ rewriting our history I am reminded again that any country can staff a Gestapo or a KGB.

It is only the most militant of the wrongheaded cold warriors who can even suggest that JFK's policies were failures. What happened to them is that he was assassinated.

Starting ~~detente~~ <sup>te</sup> was bad foreign policy? Refusing to recognize military dictators who over ~~throw~~ <sup>elect</sup> democratically-elected governments was bad ~~policy~~ <sup>policy?</sup>?

So, I suppose, was the beginning restoration of faith in government by the people, especially the young.

It is financially and career-wise quite ~~rewarding~~ <sup>rewarding</sup> so I suppose the Reevesniks will multiply and become favorites of those who led ~~us~~ <sup>us into</sup> ~~us~~ until the present ruinous situation- for which they hold all others responsible!

Thanks on the pictures and please let me know the cost.

Thanks and best to both,

Harold
