

9/21/94

Dear Bill,

Thanks for your two of 9/19. What you say about Marina suing was my opinion.

However, I can think of a couple of different kinds of suits she could file that could have the same kind of result. More later. I'm quite tired. In addition to my usual early mornings today after the walking, blood-testing, p.t. ~~and~~ then two dentists, at 9 for the completion of some microdentistry on a root canal and then next door until ~~at~~ 12:30 for preparing for the cap.

I am interested in that plane for some writing of which you'll get a copy. I hope you have time and can find it before I can get it retyped. hope to finish it this week and I'm looking for another typist.

I've not heard from her. You may be correct. I recalled II <sup>but</sup> ~~not~~ I.

If I do not hear from her I'll be writing her again.

Thanks and best,
