Dear Harold:

Thank you for your recent package. I think the writing is excellent. On a separate page I have listed some spelling errors.

I include a couple of newspaper articles I'll think you'll find interesting. I also include part of an interview with race driver, Richard Petty. I have met Richard and he's a very nice guy, but he is somewhat right wing. Petty has his own PAC and is thinking of running for Governor of North Carolina.

I still have not found anything on the Aurora.

I send you a copy of the letter I sent Jane Norris. If Norris doesn't want you on her show I may try again with Joe Elliott. Elliott is in the evening, but he now also does the Sunday morning show. He once had Jim Marrs and Burt Griffin on his show.

*Certified it - just gave her your home phone #*

Thanks for your memo on Garrison's files. If I had the time, I would love to look through them. The Garrison case has always fascinated me. A local attorney, Jack Smith, prepared one of the indictments against Garrison. Someday I hope to talk to Smith.

We're finally going on vacation this week. As always, things are hectic right before we leave.

I got the book order. Thanks.

Doris Kearns Goodwin's speaking here in two weeks. It is too bad that I'll still be out of town.

Hope things are going well for you and Lil. If possible, I am going to attempt to get up there in December assuming I am not eaten by sharks in Florida.

Tomorrow is my big day in the Kentucky Court of Appeals. We

are arguing an opens records case. I told my client and a fellow attorney that I would agree to sign off on the case (he did all the work) as long as I get to jump up at least once and say, "Your Honors that old dog won't hunt!" I was made to promise not to do this under penalty of death. Believe it or not, we are on the same docket as a cock fighting case. I'm so proud to live in such a progressive state.

Sincerely,
