

Dear Both,

1/19/95

Hasty thanks for those lovely tangelos, here today with the will. I'm not looking at it until my mind is clear. I've just finish 16 or my pages for the ARRB, whose assistant to the director is to be here Sunday. I'll be sending you a copy so I do not explain it now. If they've got the backbone, they will be in a position to do something. I do not expect it.

The WSJ story on the unaccountable FBI is ever so much better than the Post ~~of~~ carried and I used in an epilogue to Waketh. Now I have to find time to rewrite that. I'm very glad to get it. Thanks!

Its ~~ing~~ story is informative, too. I'd heard of the dispute but not of these details. They confirm the belief I'd held, that the family is wrong.

I can understand that they'd like it to be more and what they'd prefer but they have little chance of raising that money, as the record reflects. And a national monument is not to be sneezed at.

There are not that many to blacks, either.

It is confusing enough to be working on three books at one time so before I do anything else after finishing this long memo I'll get on the will.

We do appreciate your kindnesses. Again thanks,

with outbest,
