Dear Harold:

Today I have two suggestions. The first involves promotion of Never Again.

I was disappointed by the total lack of promotion of Selections and Case Open. So I have a plan.

We need to get a list of people who should get comp copies. Although I doubt he is one of your favorites, Larry King gets a lot of PR with his television programs and his USA Today column. He should get one with a short letter from you, he is the only columnist who consistently writes about the JFK assassination almost monthly. Like in the attached. You need to coordinate with Carrol and Graf and see if you can get some reviews published. I am still mad that my review of Selections was not published. But I will try again with Never Again.

You really need to promote this book, I think it is really important. Hopefully, you will get some help!

My other ~~xxxx~~ is that you should, in your spare time, make an ~~ind~~ index of researchers, so in 10 years, if I need to know the expert on say, Gerald Posner, I could ~~look~~ look up and find Gerry Ginocchio. You could just list name and address, and area of expertise. If I had not had the opportunity to meet Gerry, Jerry and Dennis, I would have no way to contact or know about any of them, because by and large they are unpublished.

You have to look to the future, even as you work so hard, those of us who don't write you every week have no where to turn. Just a thought.

PBS documentary on J.ED HOOVER acoming up. They should have spoken to you!

Hope you didn't get too much t snow, be careful. I am going to try mightily this spring to get up to see you all. Betsy won't let me fly into National anymore, says I'm too dumb. May try BaltimaoreK!

Need to replace my correction ribbon, I remain yours truly,

Bill
