Dear Harold:

Enclosed are some articles you may find interesting. Groom Lake is the one where they fly the secret planes, in Nevada.

Saw a "Sightings" this weekend, and had a good segment on Frank Olson. The "hook" was they had a psychic detective go with Eric Olson to the room Frank fell from. I suspect Eric went along with this in order to get the segment on the air. Had a computer re-enactment and Dr. Starrs. The 'psychic' said Frank was not a suicide.

The hotel manager said the hotel phone clerk put through a call right after the fall. The guy in the room said "he's gone" and the other end said "that's too bad."

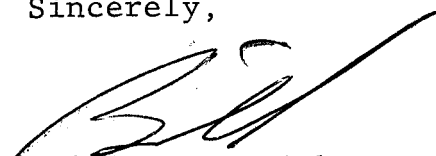

I am glad to see Never Again is on its way. I do hope C & G do some promotional work.

I am planning on a solo April visit, if that is okay. Is any weekend better than another?

Case Open and Selections seem to be disappearing from the stores. I have bought a few copies. Hopefully, Never Again will also promote Selections.

Talk to you soon.

Sincerely,

William L. Neichter
