

Dear Both,

11/12/92

Rebill's 11/6, whenever you can visit it will not be any bother or inconvenience.

I am never out of Frederick except for infrequent trips to Johns Hopkins for checking. ~~It~~ It has not been safe for me to drive out of town and I don't. I'm driven the rare times I'm away now. Hopefully by the time you come no new needs will develop. While my local medical appointments are not that infrequent, none ever takes much time. So, we look forward, whenever you can make it.

Saffire has always been good on FOIA. ~~It~~ It may be that with Clinton and with FOIA not being an election issue he decided it would be best to say as little as possible. But the record is clear: all administrations resist FOIA in varying degrees and intensities. You will find that Wrono is one of the very best people.

I'd not seen the USA Today picture of Garrison. It was posed so it may have been intended to make him look as good as possible. He looks simply frightful. Compared to how he looked when I knew him.

In all respects the man was a great tragedy, personally and professionally. Gifted, able, personable, articulate, probably an excellent judge, too.

We have to backorder the Oswalds in New Orleans. The price we had to pay was high but he got a good job. When our supply was exhausted and we reordered the price to us was almost doubled. For just the binding the price is now about \$3.00 per copy. The per-page xeroxing is almost doubled. I told the supplier to check with his bind^{er} and recalculate his own costs based on his bill of a few months ago and that when ~~it~~ I'm well I'm going to show up around. (Respiratory infection, rare with me.) We've heard nothing from him since.

Thanks and best wishes,

Harold Weisberg
