

3/30/93

Dear Bill,

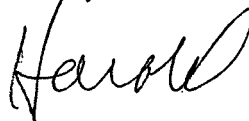

Reur 3/25, I have not given all my photographic stuff to the college. I had intended to give it the rest, what I'd not given it, ~~this was~~ when McKnight was to have been here a week ago but he could not come then, and when he did he didn't have the time, so when you are here you are welcome to go over what remains.

I was not a photo collector for several reasons. To begin with because I was broke. Later it was of the past in my work and I had ^{less} ~~less~~ interest in it.

You can borrow what remains and then send it to the college library.

The article on Jack Kent Cook was because of his horsefarm. Thought that might be of interest.

Looking forward,

Thanks for the item on the newest JAMA boast.

I'll have to get that JAMA issue, or copy that piece.
