Dear Harold & Lillian:

I received one copy of Defense Monitor, the one about nuclear testing.

Enclosed please find more tidbits on McGinniss and JFK in general.

I particularly liked the 900 number on JFK. This may just be the bottom of the barrel.

Thanks for the Oswald in New Orleans Index. That is one amazing book, Sherlock Holmes!

Check enclosed for books and thanks.

I'll arrive in Frederick on Thursday nite Aug. 19. Will you want to go to another 6am breakfast at the Red Horse. I'll call early next week.

I look forward to meeting Dave Wrone, and I'll be by myself. I hope we can go to lunch and dinner some. There's some things I'd like to discuss with you. *the usual.*

I hope we can spend some considerable amount of time on Friday and Saturday. If Dave works in your files, perhaps I can make some copies for him. Or wash your car!

I am so proud of you two. I feel that you both occupy a unique space in both historical research and investigative journalism. It has taken a long time but you have received honor in your time, something you both deserve!

Betsy says Hi and congratulations!
