Sept. 2, 1993

Dear Harold and Lil:

I am going to write a country song, "Frederick is OK for this Hillbilly, but D.C. is too big for a Hick like Me!"

Missed several exits at National, and missed my flight by 3 minutes. Got the next one with no extra charge, so no problem.

By noon, I was at the KY state fair with Betsy and her dad.

Looking at cows, which is my speed.

I hope you like this stationary. I think it is important to have snappy stationary. I admire you trying to save paper, but when you write to the big shots, it looks better.

I really enjoyed meeting Wrone, McKnight and the boys, Dennis and Gerry. We are going to exchange some documents. I gave McKnight a bottle of Maker's Mark Bourbon, which I think he appreciated. He thought JFK had no real friends on the Warren Com., but I explained that Sen. Cooper was a very good friend. Gave autographed book to Bailey Guard, WWI, and told him to write you if he felt like it. Cooper's aide.

Betsy said to say "HI". I let her listen to the ceremony, which I taped. Bad copy, but she got the idea. I really appreciate your all's hospitality. I was appalled at the things Wrone and Ginnochio said about how their colleagues treated them like weirdoes. College is not always as openminded as we think.

Our speech went well. A tape did not arrive, so we had a 30 minute hole in the program. Betsy let me talk about JAMA and the JFK autopsy, lost and destroyed records. They found it interesting. Check enclosed for books, close to correct! I enclose Posner article. ABC 20/20 Fri. Aug 27 had Posner and Nosenko, fairly balanced. Computer recon that "proves" Single Bullet shows entry in back of neck. Hard to believe these are sometimes admissible in court.
