

Dear Bill,

10/29/93

After an afternoon of falling asleep while reading and correcting the last chapter, save for the epilogue, I'm just going to start this and I'll return to it in the morning. As I understand that page of Martindale, Hubbell, Posner ~~what to the Univ. Cal. Davis for his undergraduate work and then~~ did go to Gannon for law. Yet in something I just got he says he went to Hastings for law and that what you sent says in SF. The ChiTrib story said he took his law at Berkeley. He has now claimed two different law schools and told M, H a third! And he was an undergraduate at two different univ. Cals.

I appreciate this much. But do not get the others taken down from storage until I see if a friend who said he'll do it in two weeks makes out any better in NYC.

I take it this also means he was born in 1954 and <sup>passed</sup> ~~passed~~ the bars in 1979.

If you know any way of getting a rundown of Gannon I'd like to know.

Why does he <sup>he</sup> ~~is~~ about such things?

I do appreciate your taking the time. Thanks.

I enclose what you sent in the event you did not keep a copy and what I have that relates to it.

You were right, I did not often <sup>MS</sup> see Gloria's entire family at one time.

Halberstam has been great but I'll be surprised if he has other than the GI view on assassinations.

I think that after Hoax is out I'll send Schlesinger a copy. Never spoke to him.

Last chapter save the one on Posner goes ibti mail with this.

And it has tired me. Wrong is high on it, though.

Think you'll enjoy the history club.

Best to both,
