

Dear Bill,

10/27/93

I've just finished and mailed the last chapter, began to write a preface, and then got the proofs of the mistitled selections from my earlier books I'll have to scrap over again and have to read and correct them rapidly. ^{proofs} ~~So that~~ ^{can} from the Reeves indecencies, ~~He~~ is making a successful and profitable career of Kennedy bashing, without regard to fact or decency.

Each time one of these ~~stickers~~ ^{fortune} makes a fortune and a name ~~at~~ ^{from} ~~re~~ rewriting our history I am reminded again that any country can staff a Gestapo or a KGB.

It is only the most militant of the wrongheaded cold warriors who can even suggest that JFK's policies were failures. What happened to them is that he was assassinated.

Starting ~~detente~~ ^{te} was bad foreign policy? Refusing to recognize military dictators who over ~~throw~~ ^{elect} democratically-elected governments was bad ~~policy~~ ^{policy?}?

So, I suppose, was the beginning restoration of faith in government by the people, especially the young.

It is financially and career-wise quite ~~rewarding~~ ^{rewarding} so I suppose the Reevesniks will multiply and become favorites of those who led ~~us~~ ^{us into} ~~us~~ ~~into~~ the present ruinous situation- for which they hold all others responsible!

Thanks on the pictures and please let me know the cost.

Thanks and best to both,

Harold
